The image features a central, dark purple square with a white border, resembling a microchip. Inside this square, the word "CONTENT" is written in a bold, white, sans-serif font. The square is surrounded by a complex network of thin, light blue lines that form a circuit board pattern. Small, glowing blue dots are scattered along these lines, particularly at the ends of the circuit traces. The overall background is a gradient of dark blue and purple, with the circuitry pattern extending across the entire frame. The word "CONTENT" is positioned in the center of the square, with a horizontal line above and below it, and small squares in the corners, further emphasizing its role as a central element or chip.

The image features a central, dark purple square with rounded corners, resembling a microchip. It has a white border and four small white squares at its corners. The text "BACKGROUND INFORMATION" is written in white, bold, sans-serif capital letters in the center. The square is surrounded by a network of thin, light blue lines that branch out like circuit traces. Small blue dots are placed at various points along these lines. The background is a gradient of dark blue and purple, with the circuit lines and dots creating a sense of depth and connectivity.

BACKGROUND INFORMATION

STATE OF SARAWAK

As part of the BIMP-EAGA (Brunei, Indonesia, Malaysia, the Philippines East ASEAN Growth Area) region, Sarawak benefits from increased regional connectivity and economic integration, further linking it to North Asian markets.

Sarawak's proximity to North Asia positions it as a potential hub for trade and logistics. Six major ports play a critical role in facilitating Sarawak's trade with both regional and international markets, supporting its economic activities and growth.

The image features a central, dark purple square with rounded corners, resembling a microchip. It has a white border and four small white squares at the corners. The word "AGRICULTURE" is written in white, bold, sans-serif capital letters in the center. The square is surrounded by a network of white lines and dots, resembling a circuit board. The background is a gradient of dark purple and blue, with more circuit lines and dots extending from the central square.
