RUKUNEGARA

DECLARATION

OUR NATION, MALAYSIA, being dedicated

To achieving a greater unity of all her peoples;

To maintaining a democratic way of life;

To creating a just society in which the wealth of the nation shall be equitably shared;

To ensuring a liberal approach to her rich and diverse cultural traditions;

To building a progressive society which shall be oriented to modern science and technology;

We, her peoples, pledge our united efforts to attain these ends guided by these principles:

Belief in God

Loyalty to King and Country

Upholding the Constitution

Rule of Law

Good Behaviour and Morality

BACKGROUND INFORMATION

STATE OF SARAWAK

LOCATION :

Between latitude $0^{\circ} 50'$ and 5°N and longitude $109^{\circ} 26'$ and $115^{\circ} 40' \text{E}$

CLIMATE :

Hot and Humid equatorial monsoon climate

RAINFALL :

Mean Annual : 3,283mm

TEMPERATURE :

Daily temperature range from 33°C (90°F) in the afternoon to 22°C (70°F) during the night

AREA :

124,449.5 sq. km

FACTS ON SARAWAK

TOTAL AREA	: 124,449 square kilometres
LOCATION	: Between latitude 0° 50' and 5° N and longitude 109° 36' and 115° 40' E
SYSTEM OF GOVERNMENT	: Parliamentary democracy with a constitutional monarch
CAPITAL OF SARAWAK	: Kuching
MAJOR ETHNIC GROUPS	: Malays, Iban, Chinese, Bidayuh, Melanau, Orang Ulu, Indian, and other indigenous groups
MAJOR LANGUAGES	: Malay (official language), English, Mandarin, Iban, others local dialects
MAJOR RELIGIONS	: Islam (official religion), Buddhism, Christian, and Hindu
TIME	: GMT + 8 hours : US Eastern Standard Time + 13 hours
CLIMATE	: Tropical : warm and sunny throughout the year. Daily temperature range from 33° C (90° F) in the afternoon to 22° C (70° F) during the night.
CURRENCY	: Ringgit Malaysia (RM) which is divided in 100 cent.
EXCHANGE RATE	: Pegged at US\$1= RM3.80 on 2 September 1998. Ringgit depeg on 21 July 2005.

THE 9th MALAYSIA PLAN MISSIONS & STRATEGIES

THRUSTS OF THE NATIONAL MISSION

9MP STATE DEVELOPMENT STRATEGIES TO SUPPORT THE NATIONAL THRUSTS

6. Improving the Implementation Machinery and Delivery System

In the Ninth Malaysia Plan, timely and effective implementation of projects will be the order of the day. As such, it is vital that we have an implementation plan, as well as monitoring, auditing and reporting systems to ensure all projects and programmes meet their stated objectives and are implemented on schedule in accordance with the necessary mechanism and procedures.

1. Developing Human Capital and R&D Capability

To raise the standard for our human capital and our Research and Development (R&D) capability. Human capital is a vital and most important asset, both for the Nation as well as for the State. We must therefore intensify our efforts in raising the individual capabilities for our people so that they can become knowledge and skilled workers who can work locally as well as anywhere in the world.

5. Enhancing the Quality of Life

All our efforts in bringing development to the State have the purpose of raising the quality of life of our people. In this context, we keep on pushing our efforts to complete our coverage of treated water supply, electricity supply, better educational facilities and public health services to our rural communities.

9MP STATE DEVELOPMENT STRATEGIES

2. Speeding Up Growth in Rural Areas

The vastness of the rural areas of the State, where the future potential of the Sarawak economy lies, represents great opportunities available for us to develop the State. The rural areas are naturally our development focus to quickly spread the benefits of development to our people as well as to bring about renewed growth in traditional sectors. We must speed up the growth of the rural areas through specific development plans and programmes.

4. Engaging the Private Sector

To actively engage the private sector in the wider fields of economic activities. With our focus in developing our human capital and R&D capability, it is logical that the private sector initiative would be required to be more involved in the State economy.

3. Capitalising on Energy Resources

As a land with an exceptional variety of terrain and natural resources, we need also to learn to capitalize on the energy resources in the State so as to generate energy-based industries and make the State the powerhouse of the region.
